Orange, Calif., April 13, 2016 – [LRES](#), a national REO and [appraisal management company](#) offering property valuations, REO management, HOA and technology solutions for the mortgage and real estate industry, announced it has acquired [InsideValuation®](#), a provider of commercial and residential evaluations. InsideValuation has built a reputation for providing highly accurate evaluation reports containing thorough data and analysis.

Headquartered in Reno, Nevada, InsideValuation brings to LRES its commercial and residential interagency-compliant evaluations, performed by its strong network of more than 25,000 field agents.
